Dear Mr. Haddock:

We are requesting a permit amendment to our approved M&RP which defines the type of mining allowed under upper Huntington Creek, Bolger Creek, South Fork of Eccles Creek, and Electric Lake buffer zones.

This request is based upon the report prepared by Ken Ko which was submitted to your office on June 4, 1990. We have changed pages 4-78 to reflect these changes and have enclosed three (3) copies of this page. Upon completion of your review, we will submit the full number of copies required.

If you need any further information, please contact either Keith Zobell or Mark Bunnell of our office.

Sincerely,

for Mark Bunnell
